PureTech Health plc**PureTech Appoints Sharon Barber-Lui to Board of Directors & Audit Committee**

Seasoned life sciences expert brings further global portfolio management and financial expertise from 20 years at Merck & Co. Inc. to the PureTech board

Ms. Barber-Lui will also become chair of the Audit Committee of the board

BOSTON, March 24, 2022 — PureTech Health plc (Nasdaq: PRTC, LSE: PRTC) (“PureTech” or the “Company”), a clinical-stage biotherapeutics company dedicated to discovering, developing and commercializing highly differentiated medicines for devastating diseases, today announced the appointment of Sharon Barber-Lui, MBA, CPA, to its board of directors as a non-executive director and as a member of the Audit Committee. She previously led U.S. Oncology Portfolio Market Strategy, Operations and Business Analytics at Merck & Co. Inc. During her two decades at Merck & Co. Inc., Ms. Barber-Lui has held multiple financial and operational positions of increasing responsibility, including Chief Financial Officer of U.S. Oncology, Director of U.S. Treasury Operations and regional Treasurer of Asia Pacific. She currently serves as the Senior Vice President of Global Finance at EQRx. Ms. Barber-Lui brings extensive experience in finance, operations, portfolio management and commercialization to PureTech’s board of industry, business and academic leaders.

“Sharon has a track record of success and leadership spanning diverse experiences across the life sciences industry, with particular expertise in financial systems and governance. We are very pleased to have her join PureTech’s board,” said Christopher Viehbacher, Chair of PureTech’s Board of Directors. “On behalf of the entire board, I welcome Sharon and look forward to her contributions.”

“I am energized by PureTech’s unique model and approach to creating new therapies for devastating diseases,” commented Ms. Barber-Lui. “PureTech is a true pioneer, and I look forward to joining the distinguished members of the board to help support PureTech’s talented team in executing on the collective vision of transforming patient care by giving life to science.”

Ms. Barber-Lui has more than 20 years of diverse experiences at Fortune 50 and major public accountancies with strong life science innovation, entrepreneurship and business transformation activity. Since 2022, she has served as Senior Vice President of Global Finance at EQRx, a new type of pharmaceutical company committed to developing and delivering innovative medicines to patients at radically lower prices. She also led Portfolio Market Strategy, Operations and Business Analytics at Merck & Co. Inc.’s U.S. Oncology business from 2019 through 2021, where she previously served as Chief Financial Officer of U.S. Oncology from 2014 to 2018. That business portfolio included new, mature, co-developed and co-commercialized products. Ms. Barber-Lui also held a number of other financial and operational related roles throughout the course of her 22 years at Merck & Co. Inc. Ms. Barber-Lui received her MBA, marketing and corporate entrepreneurship and her B.S. in accounting from Lehigh University.

On joining the board, Ms. Barber-Lui will become a member of the board’s Audit Committee, and she will become chair of that committee immediately following the Company’s announcement of its 2021 full-year financial results. At that time, Mr. Viehbacher will step down from his role as chair of the board’s Audit Committee but will remain a member of the committee. Dr Raju Kucheralapati and Dame Marjorie Scardino will also continue as members of the Audit Committee.

“We welcome Sharon’s contributions at a time when PureTech’s pipeline and broader portfolio of differentiated medicines include many advanced clinical and commercial-stage programs,” said Daphne Zohar, Founder and Chief Executive Officer of PureTech. “Her background and expertise will strongly complement our existing board and bring additional perspective to our strategy of building a leading biopharmaceutical company.”

Ms. Barber-Lui is independent for the purposes of the UK Corporate Governance Code, and PureTech confirms that there is no further information required to be disclosed pursuant to paragraph 9.6.13 of the U.K. Listing Rules.

About PureTech Health

PureTech is a clinical-stage biotherapeutics company dedicated to discovering, developing and commercializing highly differentiated medicines for devastating diseases, including inflammatory, fibrotic and immunological conditions, intractable cancers, lymphatic and gastrointestinal diseases and neurological and neuropsychological disorders, among others. The Company has created a broad and deep pipeline through the expertise of its experienced research and development team and its extensive network of scientists, clinicians and industry leaders. This pipeline, which is being advanced both internally and through PureTech’s Founded Entities, is comprised of 25 therapeutics and therapeutic candidates, including two that have received both U.S. FDA clearance and European marketing authorization, as of the date of PureTech’s most recently filed Half Year Report and corresponding Form 6-K. All of the underlying programs and platforms that resulted in this pipeline of therapeutic candidates were initially identified or discovered and then advanced by the PureTech team through key validation points based on the Company’s unique insights into the biology of the brain, immune and gut, or BIG, systems and the interface between those systems, referred to as the BIG Axis.
